

Tru-Clean

PROBIOTIC CLEANER AND ODOR CONTROLLER

The
Natural
Way

Description

Tru-Clean is a probiotic cleaner consisting of a synergistic blend of several selected *Bacillus* microorganisms. This blend of bio-strains provides excellent breakdown of organic waste materials. To enhance the broad-spectrum capabilities of Tru-Clean formulation, special plant-based surfactants and fragrance were combined to create a unique bacterial blend with outstanding broad range functions, to safely and naturally produce instant odor control, quick cleaning action, and effective organic removal.

Benefits

- Quick cleaning action
- Eliminates organic fouling at the source
- Non-Acid, Non-Corrosive, Non-Toxic
- Safe to handle and store

Characteristics

Biological

Bacterial strains
...fat, grease and oil digesting bacteria
...protein digesting
...starch digesting
...cellulose digesting

Bacterial count...>255 billion/gallon

Physical

Appearance..... straw colored
Odor.....pleasantly perfumed
Specific gravity.....1
pH.....neutral
Effective pH range.....4.0 – 11.0.0
Effective temperature range.....45⁰-140⁰F
Shelf life.....two year

Optimum Conditions for Use

Bacteria in **Tru-Clean** performs within a pH range of 4.0 to 11.0 with the optimum pH near 7.0. Temperature affects the activity of the working solution and action increases with rising temperatures up to 140⁰ F. Diminished activity can be expected below 40⁰F.

Storage and Handling

Storage..... Store in a cool, dry place. Do not freeze

Handling..... Avoid excessive inhalation.
Wash hands with warm, soapy water after handling.

Recommended Dosage

Restrooms: To clean drain lines in showers, sinks, washbasins, and bathtubs use 2 oz. in each drain. This product produces the optimum results when applied at the end of the day or during the lowest period. Repeat treatment using 2 oz. weekly.

Toilet Bowls and Urinals: Pour **BIO-CLEAN** on bowl swab while holding swab over bowl. Clean surfaces and under flush rims.

Garbage Room Floors: Mix 5-10 ounces to 1 gallon of lukewarm water.

Garbage Dumpsters: Mix 5-10 ounces to a gallon of lukewarm water.

Garbage Shoots: Mix 5-10 ounces to a gallon of lukewarm water.

Kennels: Mix 5-10 ounces to a gallon of lukewarm water.

Docks: Mix 5-10 ounces to a gallon of lukewarm water.

Floors: Mix 8-12 oz. of **Tru-Clean** to 1 gallon of lukewarm water. Mop floor thoroughly giving special attention to areas around toilet bowls and under urinals. Allow to air dry.

Carpet & Fabric Care: To remove odor and stains from milk, vomit, urine, feces, blood, coffee, tea, wine, smoke, etc., mix 3 oz. to 1 gallon of lukewarm water. Check for colorfast by spraying fabric or carpet in a hidden area until wet. If any color rubs off do not use.
